PROFESSIONAL SUMMARY

Highly driven BSc. (Hons) in Information Technology graduate with hands-on experience in IT project support, software development, quality assurance, and accounting. Adept at coordinating tasks, maintaining project documentation, tracking budgets, and supporting stakeholder engagement. Strong analytical, problem-solving, and organizational skills, complemented by technical knowledge in C#, .NET, SQL, Oracle, and full-stack development. Seeking to leverage technical and coordination expertise in dynamic IT project environments.

EXPERIENCE

Junior Software Engineer

Management Systems (PVT) LTD | Mar 2025 – Present

- Developed and maintained 5+ web and desktop applications using C# .NET and Oracle, improving system reliability by 30%.
- Created and automated 20+ Crystal Reports that reduced manual reporting time by 40% and improved decision accuracy.
- Validated complex datasets using SQL queries, ensuring 100% data accuracy and compliance with business rules.
- Conducted end-to-end manual testing, reducing post-release defects by 25%.

Intern Software Engineer

Management Systems (PVT) LTD | Mar 2024 – Feb 2025

- Designed and implemented 10+ Crystal Reports, enhancing management decision-making efficiency.
- Executed comprehensive test cases and reported 50+ critical software issues, improving overall product stability.
- Used Postman to validate REST APIs, ensuring seamless integration across systems.
- Assisted in optimizing SQL queries, reducing data retrieval time by 20%.

Assistant Accountant

Setmil Interior Solutions (PVT) LTD | Aug 2020 – Mar 2021

- Prepared monthly financial reports and reconciliations, improving reporting accuracy by 15%.
- Supported budgeting and forecasting activities for multiple client projects.
- Streamlined invoice processing, reducing turnaround time by 25%.

EDUCATION

- **BSc. (Hons) in Information Technology**
  Sri Lanka Institute of Information Technology (SLIIT), Malabe | 2025
- **AAT Passed Finalist**
  AAT Sri Lanka | 2020
- **Yasodara Vidyalaya, Colombo**
  Advanced level (Commerce stream) | 2019 | Results: 1A, 2B's

CERTIFICATIONS

- AWS Academy Cloud Foundations - AWS
- Programming Foundations: Software Testing/QA – LinkedIn Learning
- Certification in MS Office – University of Kelaniya
- Certification in Graphic Design – Kelani Higher National Institute
- OOPs in Java – Microsoft Learning
- JavaScript Essential Training – LinkedIn Learning
- React.js Essential Training – LinkedIn Learning
- Microsoft Power Apps – Microsoft Learning
- Database Management - LK Domain Registry

- Programming Fundamentals with Python – LK Domain Registry
- Using WordPress: Free Hosting & Sub domain – Coursera

SOFT SKILLS

- Attention to Detail
- Analytical & Problem-Solving
- Communication & Stakeholder Engagement
- Leadership & Team Collaboration
- Organizational & Documentation Skills

TECHNICAL SKILLS

- Project & Reporting Tools: Crystal Reports, SQL, MS Office (Excel, Word, PowerPoint)
- Development & QA Tools: Visual Studio, Git, Postman, Node.js, React JS
- Programming Languages: C#, JavaScript, Java
- Databases: SQL, MySQL, Oracle, MongoDB
- Accounting Tools: QuickBooks, Microsoft Excel
- Design & Wireframing Tools: Adobe Photoshop, Figma, Canva, Draw.oi

ACADEMIC PROJECTS

- **ONLINE TEACHER TRAINING SYSTEM**

Designed and developed a Teacher Training Management System to streamline course registration and progress tracking for trainees, improving system efficiency and user experience. (HTML, CSS, JavaScript, PHP)

- **EVENT MANAGEMENT SYSTEM**

Built an Event Management System using the MERN stack that automated event scheduling and reduced manual coordination by 50%. (MERN stack)

- **ONLINE FUEL MANAGEMENT SYSTEM**

Engineered a Fuel Management System with real-time dashboards for employee, finance, and customer data — enhancing transparency and reducing data retrieval time by 30%. (React, NodeJS, MongoDB)

- **QUICK JOB- JOB PORTAL APP**

Implemented a Fuel Management System with real-time dashboards for employee, finance, and customer data — enhancing transparency and reducing data retrieval time by 30%. (Android Studio, Firebase)

- **PROJECT MODULE MANAGEMENT SYSTEM**

Enhanced a Project Module Management System to streamline year-long student project management across multiple IT specializations. The system supports team formation, progress tracking, report submissions, presentation scheduling, and simultaneous mark entry by evaluators, enhancing coordination, assessment efficiency, and transparency. (React, NodeJS, MongoDB)

EXTRA CURRICULAR ACTIVITIES

- Member - Commerce Society (2017-2019)
- Active Member of AAT Sri Lanka, participated in finance-related workshops and peer mentoring programs.
- Member - FOCS at SLIIT (2021-2025)
- Member - LEO Club (2021-2025)
- Member of IEEE Computer Society, contributed to hackathons and technical sessions focusing on software innovation.
